Claims 43-52 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no antecedent basis in claim 43 for "the second message", lines 10-11. Claim 44 seems incomplete to examiner because applicant ends the claim with "includes," but never says what the CGSN includes.

Claims 53-63 are allowed.
